PUBLIC MEETINGS, NOTICES & OPINIONS

BLM SEEKS INPUT FOR JUNE 2026 SALE OF OIL & GAS LEASES IN UTAH

The Bureau of Land Management opened a 30-day public comment period to receive public input on plans to include 39 oil and gas parcels totaling 54,114 acres in Utah in a June 2026 sale. The comment period ends March 30, 2026.

The BLM completed scoping on these parcels in January 2026 and is now seeking public comment on the parcels and related environmental analysis. The BLM will use input from the public to help complete its review of each parcel.

Leasing is the first step in the process to develop federal oil and gas resources. Before development operations can begin, an operator must submit an application for permit to drill detailing development plans. The BLM reviews applications for permits to drill, posts them for public review, conducts an environmental analysis and coordinates with state partners and stakeholders.

All parcels that are included in a federal oil and gas lease sale include appropriate stipulations to protect important natural resources. Information on current and upcoming BLM leases is available through the National Fluid Lease Sale System. BLM lease sales are held online through EnergyNet.

The parcels BLM is analyzing, as well as maps and instructions on how to comment, are available on the BLM's ePlanning website at: <https://eplanning.blm.gov/Project-Home/?id=6fad61fa-a7f2-f011-8407-001dd80bcf93>.

LAND USE & DEVELOPMENT MANAGEMENT CODE REWRITE

Grand County, Utah (the "County") invites qualified planning and land use consulting firms ("Proposers") to submit proposals to comprehensively rewrite the Grand County Land Use Code (the "Code"). The County seeks a modern, clear, internally consistent, and legally defensible land use code that implements the County's General Plan, supports predictable development outcomes, and is tailored to the County's unique rural, resort, and environmental context.

The rewritten Code shall improve usability for staff, elected officials, applicants, and the public; align with the current Utah State Code; and reflect best practices in contemporary land use regulation while remaining practical for a rural county with limited administrative capacity.

Proposals shall be submitted electronically to the U3P Portal at utah.bonfirehub.com by the **March 20, 2026**

Questions concerning this RFP shall be submitted to the Public Q+A section of the U3P Portal.

Proposals Due: March 20, 2026, 4:00 pm
Interviews (if needed): March 26, 2026
Notice of Award: April 7, 2026, 8:00 pm

Castle Valley Drive will close for approximately 60 days starting Monday, January 26, for a culvert replacement project.

The road will be closed 24/7 at Rimrock and at 394 Castle Valley Drive while crews remove the existing culvert and install a large-capacity arch culvert. The town of Castle Valley secured federal grant funding for the project, which addresses a failing culvert.

Detour: Traffic will be routed up Castleton Road to Fire Station 1 (at the cattle guard), through the connector to Shafer Lane, then back up Shafer Lane to Castle Valley Drive. Drivers should obey the 15 mph speed limit on Shafer Lane.

Vehicle Restrictions: Due to road angles, culvert and cattle guard weight capacities, an overhead lines through the Shafer connector, the detour has the following limits:

- 35-foot trailer length limit
- 14.6-foot height limit
- No vehicles or trailers over 20 tons
- No cement trucks or trucks hauling heavy equipment.

Exceptions may be considered with a Sheriff escort through the Shafer connector. Contact Castle Valley Road Manager Dorje Honer at dorjeh@castlevalleyutah.com or (385) 228-0600.

The Town will post weekly updates via email, the Town website, and the Castle Valley Facebook Community page. Questions or concerns can be directed to the Town Clerk at townclerk@castlevalleyutah.com or (435) 259-9828.

Vintage Iron Car Show

Classic Off-Road Vehicles

Register by emailing carshow@rr4w.com

WILLYS SALES & SERVICE

Remember when a Jeep was a Willys? When they all came with stick and no one ever heard of an automatic? Air conditioning meant laying down the windshield? Well the Red Rock 4-Wheelers will have a chance for you to take in all that nostalgia and more at the Vintage Iron Car Show being held as part of the 60th Easter Jeep Safari 2026!

Come check out classic off-road vehicles at the Vintage Iron Car Show located at the ball field at the Old Spanish Trail Arena. The free show will run from 1:00 to 7:00 on Thursday April 2nd. The show will honor the heritage of the off-road world. Vehicles will include classic Jeeps (MJs, CJs, etc.), Broncos, International Scouts, Toyota FJ along with other classic off-road vehicles. The show will be a great chance to reminisce about the classics that ignited our off-road curiosity and will be a great opportunity to introduce the newer off-road participants to the vehicles that blazed the trails we now enjoy. There will be live music during the show.

Prior to the show there is an optional fun run for the classic vehicles. The run will be on the northern section of the Fins-N-Things trail starting by the radio tower. The fun run will be from 8:00 to noon. The public is welcome to watch. Show set up is 12:00 to 1:00pm. Then the show will run from 1:00pm to 7:00pm.

Want to display your off-road vehicle? We prefer having vehicles that are 30 years or older. There is no fee for anyone. To register send an email to: carshow@rr4w.com
