UDOT and the City of Moab are testing the use of temporary rubber curb extensions (bulb-outs) to enhance pedestrian safety in downtown Moab.

PUBLIC FEEDBACK will help determine if permanent concrete bulb-outs should be installed.

HOW BULB-OUTS BENEFIT PEDESTRIANS AND DRIVERS SAFETY:

- Shorter crossing distances
- Encourage reduced vehicle speeds & turning speeds
- Discourage illegal parking near crosswalks

VISIBILITY:

- Pedestrians are closer to the travel lanes and more easily seen by approaching drivers

WALKABILITY:

- Additional space on the sidewalk for pedestrian waiting areas
- Create a more comfortable & safer space for pedestrians waiting to cross the street

NOTE: The TEMPORARY RUBBER CURB EXTENSIONS at Main and Center Street & Main and 100 North will be in place for approximately 1 to 3 months while data and public comments are collected. If this temporary test project is successful, the City of Moab and UDOT will work together to seek funding for the installation of permanent concrete bulb-outs.

Permanent bulb-outs would be similar in appearance to those already at some intersections in downtown Moab.

Permanent curb extensions currently installed at an intersection on 100 North in Moab.

YOUR FEEDBACK IS IMPORTANT. For questions, and to comment on this test project, send an email to: community@moabcity.gov

VOTE ON NOVEMBER 4TH FOR NEW LEADERSHIP IN THE CITY.

“ You spend years paying off your house and finally when you own it, you have to pay rent in the form of taxes back to the county and now the city to keep it. And they keep raising taxes. We are all just subleasing our homes! ”

–Doug Carroll

“ Why does the City Of Moab only have a surplus of \$900,000. They just got \$3,500,000. I can't see where they could have spent \$2,600,000! ”

–Danny&MaryKey

“ I wish the city would find ways to reduce/cutback/budget spending instead of always increasing taxes on us. The spending on studies is out of hand. We have lots of local experts we can lean on. They are taxing us right out of town. ”

Reasons I'm Supporting Curtis Wells for Mayor

These are my opinions: Colin Fryer

Since coming to Moab 35 years ago, I've seen and been part of the change to the community. In 1990 when I moved here, the town was half boarded up. People couldn't sell a house by the park for even \$35,000. Jobs were in short supply, schools were only open 4 days a week and the economy was in the toilet. Some folks still refer to those as the 'good old days' and I understand it was quiet.

I saw Grand County as an area of opportunity. As the county has evolved, I've often wondered why do we have two (2) sets of government for such a small area and small population. And over the years I wonder more why we haven't rebelled as citizens against supporting 2 sets of everything governmental. Not too long ago the city government was small, occupying a few offices just west of Walker Tru Value on 200 South. When the new high school was built at the site of the old junior high; then the old jr. high became the Moab City government complex, more offices were added and expanded, seems everyone got a secretary or assistant, fancier offices and many more people hired. But the service to the taxpayer went downhill. Awkward boundaries of the city and county created months of wasted time going thru the annexation process as one side of the lane is in the city and one side is in the county. Our population in the city and county is still about the same with 125 or so seniors still graduating from Grand County High School. The budget has more than doubled in the past few years.

My point is that as taxpayers you're paying way too much for government and the city government is probably not necessary at all. We've had numerous tax hikes lately and another two are on the way. I say NO! It's time to combine some services, cut the fat out of the budgets and economize. I'd hope to see some candidates that want to help stop this abuse and Curtis has told me he'll start working toward that.

Time to Respect the Taxpayers!

1- IN MY OPINION, A DISHONEST & UNNECESSARY TAX INCREASE CRAFTED AND SUPPORTED BY MAYOR LANGIANESE

Just one year ago the mayor with the support of the council crafted a plan to implement a new property tax, EVEN though a similar tax had been voted down by the City Council 2 years earlier. The Mayor's taskforce conducted workshops and meetings designed "or so we thought" to get voter input and ideas.

Those meetings and workshops were, IN MY OPINION, BALONEY. The Mayor and Council had already made up their mind to vote for the tax. At the public hearing a vast majority of those in attendance, voiced a loud NO to the tax. Citizens were given very little time to talk while the Council and Mayor talked at length with what appeared to be no restraint. At the conclusion of the meeting the Council and Mayor did not even take the public comments under advisement for a week or two, but rather voted right then to implement the tax. It looked like public comment did not matter. It also seemed to me the Mayor and the Council thought we, the voters, were too stupid to make our own decisions. We're just sheep to be sheared for their agenda. It was also suspect that the City chose an off-election year for the scam, at the end of summer when most people are busy with family stuff. It seemed like they didn't want to face voters with this issue. The tax should be rolled back and then put to a vote to see if the citizens think it's necessary.

2- COMPLETE BUNGLING OF THE WALNUT LANE TRAILER PARK COMMUNITY --FAILED THE TAXPAYERS, IN MY OPINION

Four (4) years ago Mayor Langianese and Council inherited what I view as a very poorly planned low income housing project. The previous administration had, in my opinion, grossly over paid for the property and used what is, to me, the crazy excuse that if they didn't buy it someone else would turn it into overnight lodging. What -- overnight lodging on Walnut Lane? That's improbable because it wasn't zoned as commercial. Langianese and Council should have recognized the fallacy of the project. In my view the mess is clearly out of city compliances. Instead our current leaders have spent hundreds of thousands of tax dollars, thousands of hours of paid advisors, thousands of hours of city paid time and in the end they tore the trailers down and evicted the last of the families. The property now sits vacant, partially torn down, a dozen trailers standing boarded-up in total disrepair, sky high piles of trash and litter everywhere. It looks worse than a ghetto, more like a battleground in Gaza. And to make it worse, families are trying to live in their homes next door. If a private business person left a filthy mess like this, they'd rightfully be villainized by the press and sued by the government. **Where is the Press?** In my opinion, the leadership of Moab City has demonstrated that they are completely incompetent to manage even the smallest of projects. Based on my experience, it would take \$4,000,000 or so to break even. Again, they don't care about taxpayers' money. I invite you to go see the mess for yourself.

3- IN MY OPINION, LITTLE ATTEMPT BY LANGIANESE OR CITY COUNCIL TO WORK WITH THE COUNTY TO MODERNIZE AND COMBINE SOME OBVIOUS DEPARTMENTS

This could save millions in taxpayer money.

Law enforcement, planning & zoning, roads maintenance, attorneys--every department has room for efficiencies.

We are a community of 9,000 supporting two (2) sets of everything. Stupid money management, we need HELP.

We need new common sense, taxpayer sensitive, transparent leadership.

4- IN MY VIEW THE BUDGET HAS BALLOONED UNDER LANGIANESE & CITY COUNCIL, IS VERY UNTRANSPARENT AND THE SERVICE HAS GOTTEN WORSE

From what I see, thousands of dollars are now budgeted for a lobbyist to help the City get control of the old tailings site that is clearly in the County.

A full time P.R. person on the payroll to carefully let the public know just the things they want out.

I don't think the toilets haven't worked at the Old City Park all summer.

Fancier offices, new assistants and raises for those at the top.

PAID ADVERTISEMENT

5- CITY PARKING AND "SO CALLED STREET IMPROVEMENTS" HAVE RESULTED IN BOTTLE NECKS, LOSS OF PARKING

And again piled on PUBLIC DEBT, in my opinion. The Kane Creek boulevard to nowhere now has up to 8' sidewalks, that hardly anyone uses, generous bike lanes, thousands of new plants and fancy lights but with the loss of maybe 50 parking spots.

The boulevard connects to nothing, unless it's meant to be the gateway for the Kane Creek Luxury Homes.

But the project leaves the City owing an estimate of \$4,200,000 that has to be paid off

plus monthly maintenance of all the fancy landscaping.

Downtown parking is problematic. Center Street is a nightmare for City businesses. We could of had a 250-stall parking garage instead.

6- THE FLOODS LAST YEAR CAUSED A LOT OF DAMAGE, COST TENS OF THOUSANDS AND SHOULD BE A WAKE UP CALL TO GET READY AGAIN.

It seems to me that the City leadership has endorsed the current plan that moved some dirt around, hauled in pretty white rocks but hasn't significantly enlarged the channel, cleaned out debris or removed barriers that caused the floods to be so disastrous.

Meanwhile the flood mitigation seems, incomplete & bogged down.

7- LITTLE INTEREST IN HELPING DOWNTOWN ECONOMY, IN MY VIEW.

The economies of downtown Moab have been declining in the years since Langianese was elected Mayor.

The town is experiencing the slowest summer in recent years and the decline is becoming the "new normal".

Meanwhile the city businesses collect and give to the city millions in sales tax, TRT taxes, and resort taxes.

It seems to me the City does little, if anything, to help the businesses and they don't care about helping.

In fact, I'm not sure they know how. Seems to me they just want the money. Shear the sheep!

Langianese and Council have failed the business community big time!!!

8- IN MY VIEW THE CITY GOVERNMENT HAS ASSUMED AN ATTITUDE OF ENTITLEMENT AND NO LONGER CONSIDERS THEMSELVES PUBLIC SERVANTS.

The City building closes at noon on Friday and, in what I've seen, they don't get much done so it's really a 4 day week for them.

In fact it doesn't seem to me they work with any sort of urgency or even helpfulness anymore.

I've had 4 projects that have required City help in the past 3 years and they have all been made too hard by the City.

1) I built an 85 bed employee housing complex without the aid of any government money.

It was just what I needed for my crew and exactly what everyone's always complaining we need.

My experience with the City planning, engineering and staff was negative, slow and never encouraging.

I turned an ugly building in a junk-covered lot paying a couple thousand in property tax into an 85 bed multiple use

employee project that now pays a whopping \$24,700 in property tax.

I DON'T RECOMMEND ANYONE BUILD EMPLOYEE HOUSING IN THE CITY. IT'S JUST TOO HARD AND TOO EXPENSIVE.

2) I was helping the Sego Lily Garden and preschool with their irrigation problems this spring and in the course of the help I found out the City's drain ditch went thru the Sego Lily property was silted in, clogged with trees and a hazard for the children that play near it. Since I had my equipment and crew already there, I volunteered to fix it. I could have fixed it in 2 days for FREE, but the director of the Sego Lily wanted to ask the City. An engineer came down to the site with a maintenance guy. They proceeded to tell me how problematic it was going to be. That we needed easements and engineering and I better not do it. They promised to get back to me in 2 weeks. That was March, and I haven't heard a word, meanwhile the City came over and put up a flimsy fence that's been torn down by the wild animals. Also interesting that the big culverts to fix the drainage have been sitting next to the project for 3 years or so, while the ditch is an open mosquito breeding ground. Terrible, uncaring, incompetent city government.

3) I'm helping the National Ability Center, a group that helps special needs folks have outdoor experiences like rafting. I've been a supporter for over 35 years and we've dreamed of having a lodge type building as a headquarters.

We finally got the adjacent property we needed but when we got started with planning, we found part was in the city, part in the county. While the City helped with the annexation process, it has taken a year to do something so simple. If the county and city were one entity this would not be such a problem.

4) I have a piece of property on 500 West zoned for 3 duplexes. The property was a typical Moab junk pile. I've cleaned it up and jumped thru the ever-changing demands of the City to get a plat approved. The City planner told me last October that if I let him work the plat thru the agencies I could get the plat approved by January. I just got it last week, 7 months late and thousands of wasted dollars later. They don't care! They don't think they are public servants. They think they are the Boss and we better do as we are told. The City engineering department is terrible, unfriendly, slow and incompetent in my opinion. I'm just trying to build six, 3 bedroom family dwellings in the medium price range that our community needs.

In Summary,

This is the first time I've taken a public stance in a Moab election. I've stayed in the background, minding my businesses. But I'm now really mad and frustrated with the Moab City government. I believe they've become too full of themselves. "building a kingdom, within a kingdom". The attitude at the City is taxpayers are too stupid to make decisions and they'll do for us what they want, when they want. The tail is wagging the DOG. We, the Sheep are being sheared, and I think it's time for a big change.

The City and County need to get together and save the millions they could with CONSOLIDATION AND COOPERATION. We gotta take the checkbook back!

I say **VOTE FOR CURTIS WELLS**. He's told me he'll work for and respect the taxpayers.

These are my opinions. Advertisement Paid for by Colin Fryer.

Thank you.

PUZZLE SOLUTION

A-43-25

Proposition 13 is a 0.5 percent tax increase on items primarily purchased by visitors, like hotel rooms, gifts, and restaurant meals. This equates to just about 50¢ for every \$100 spent, generating enough revenue to strongly support these three lifesaving agencies.

GUESS WHO?

I am a singer born in Connecticut on October 16, 1977. I worked for more than a year as a gas station attendant to afford a guitar from a famous player. My debut album reached multi-platinum status. Though I'm an accomplished singer, I may be better known for my guitar skills.
