**Assisting companion animals of the Four Corners  
Native American reservations**

### Did you know...

- The Navajo Nation is the largest Native American reservation in the United States, covering 27,000 square miles in Utah, Arizona and New Mexico. Over 156,000 Navajos live on this reservation.
- Roughly 1/3 of Navajos live without electricity or running water.
- Only 2 veterinarians serve the entire Navajo Nation.
- Due to poverty and lack of resources, there are over **250,000 stray dogs** with a life expectancy of only 2 years (unless rescued) roaming the Navajo Nation. Dogs that end up in animal control facilities have a 93% chance of being euthanized. The 7% saved are mostly due to rescue groups pulling them.

Underdog Animal Rescue and Rehab is the ONLY rescue in Utah exclusively serving the Four Corners reservation area. Through transport, vet care, spay/neuter, and adoption services, Underdog reduces the suffering of dogs and cats while supporting Native American communities in the care of their animals.

### Can you help dogs in need?

Underdog does not profit from adoption fees.

As a non profit, we rely primarily on donations to help us save animals.

- \$40** sponsors a spay surgery at one of our clinics in remote areas of the reservations. In 2021 Underdog will host 6 Spay and Neuter Clinics. Approximately 150 dogs and cats will be altered at each clinic.
- \$75** buys vaccines to prevent diseases in 25 puppies.
- \$250** provides 60 Navajo families with hygiene kits.
- \$500** covers medical emergency (we have an average of 4 of these per month).
