CITY OF MOAB UTAH

Did you Know Burning in the City of Moab is Prohibited?

It's almost spring, and as many people start cleaning up their yards, the City of Moab reminds residents that burning is prohibited in City limits. Burning not only creates a possible fire concern, but it is also a health issue.

- County burn window applies to county properties only
- Burning of yard clippings, bushes, plants, and other yard waste, along with other household waste including recycling and organic material is prohibited
- You may still enjoy summer cookouts using your standard barbecue equipment or enjoy your gas-fueled enclosed fire pit

Citations may be issued, although we will not be cruising neighborhoods looking for violators.

Be Safe!

For more information, questions, and/or concerns, contact City of Moab Code Compliance at **435-268-1715** or email compliance@moabcity.org

Are Recreational Fires Permitted?

Recreational Fires used for cooking or warmth are allowed but must comply with the following regulations:

Shall not be within 25 feet of a structure or combustible materials
Prior to ignition, eliminate any conditions within 25 feet.

Allowable pile size is 3 feet or less in diameter and 2 feet or less in height.

Burning rubbish and yard waste is prohibited.

Portable Outdoor Fireplaces shall not be within 15 feet of a structure or combustible materials.

All fires shall be constantly attended until the fire is extinguished.

Have water immediately available to extinguish fire.

Unwanted smoke may become a nuisance to your neighbors; please extinguish your fire if asked. The fire department may require the fire to be put out if they receive complaints about the smoke or odor.

Please do not contact the Fire Department or dispatch with concerns regarding open burning within the City.
