3/20/2020 To our valued customers, as we continue to provide essential waste and recycle collection services to our community we would ask that you please follow these simple, but important guidelines.

- \* Please bag all trash, we do not want to unnecessarily expose our route personnel to loose trash
- \* Place all trash in our dedicated Trash Cart or your Customer Provided Trash Can if possible, this helps our route personnel by limiting the amount of trash/waste they come into contact with, containerized waste drastically reduces our contact & helps reduce exposure to everyone, including you
- \* Pay extra attention to what you place in your Recycle Cart for collection. Our route drivers screen and clean our recyclables as they perform collection services and must pull out contamination items by hand, we would like to minimize their exposure of handling loose materials as much as possible
- \* Minimize contact with our route personnel and please maintain a safe distance for your own protection as well as ours

We appreciate your understanding and will work diligently to continue with our important collection services, but we need everyone's help in keeping our employees safe and healthy

Thank you,  
 Dan & Bonnie Kirkpatrick

# CITY OF MOAB UTAH

**PLEASE Follow these simple rules to help protect our sewer system!**

## CAN I FLUSH IT?

It's not uncommon for Moab City Sewer Treatment Plant workers to find strange or unusual items in the plant's filtration screens. Kids' toys, diapers, razors, hypodermic needles, paper currency and even a working flashlight have all made their way through city sewer lines.

And even though some products like cleaning wipes and baby diapers claim to be flushable, they aren't. **Put them in the garbage can, please!**

Flushing trash and other items down the toilet can cause blockages in sewer lines or damage to the environment. So if you've ever wondered, "Can I flush it?" here are some simple guidelines:

**The only things you should ever flush down a toilet (or put in vault toilets or septic tanks) are human waste (urine and feces) and toilet paper.**

### NEVER FLUSH:

- Disposable diapers
- Cotton balls and swabs
- Cleaning wipes of any kind
- Facial tissues, paper towels
- Bandages and bandage wrappings
- Dental floss, toothbrushes
- Toys or anything made of plastic, including plastic coffee stirrers
- Automotive fluids
- Paint, solvents, sealants and thinners
- Poisons and hazardous waste
- Cat litter or animal waste
- Tampons and applicators, sanitary pads, condoms
- Unused medications
- Syringes or needles
- Razor blades
- Cigarette butts
- Fats, oils and grease
- Food items

**Please help keep Moab City's sewer system free of trash and debris!**

For more information, please email [communication@moabcity.org](mailto:communication@moabcity.org) or feel free to call us at 435-259-5121.

PROFESSIONAL METAL FABRICATION and portable welding. Also, wooden, Iron or chain link fences and gates built or repaired. Email [utahbelal@gmail.com](mailto:utahbelal@gmail.com) - Website [www.fencesandwelding.com](http://www.fencesandwelding.com) <sup>13</sup>

# Road Happenings

## US 191 FROM 400 NORTH TO COLORADO RIVER BRIDGE

### PROJECT OVERVIEW

The Utah Department of Transportation (UDOT) awarded a 20.5 million-dollar construction contract to reconstruct the existing roadway on US 191 from Milepost 126.11 to Milepost 128.03 to accommodate five lanes of traffic, two thru lanes in each direction with a two way left turn lane and 6-foot shoulders.

### SCHEDULE

**Work Hours** 7 a.m. - 6 p.m. **Work Days** Monday - Friday

### WORK THIS COMING WEEK

Crews are scheduled to begin grading for curb and gutter along the highway shoulder between Rubicon Trail and Motel 6, other work along the project corridor includes clearing vegetation, installing silt fencing and continuing to make improvements to roadway shoulders. Some additional survey work may also take place.

Expect to see equipment and vehicles moving around the project area.

For most of the project, there will be a center turn lane. Where UDOT cannot provide a center turn lane, there will be two lanes in each direction with a painted double yellow line separating traffic. The project will add curb, gutter and sidewalk on the west side of US-191 from Motel 6 to the Colorado River Bridge. In addition, UDOT will partner with Moab City to construct a Storm Water Waste System to address storm water from rain events starting at Stewart Canyon area, above Cermak Drive. The system will collect storm water from Stewart Canyon, US-191 and adjacent properties, depositing the water in a collection pond west of the intersection at 500 West and US-191.

Project construction updates and avenues for submitting public inquiry can be viewed at

# School Happenings

ad courtesy of  
Moab Happenings

Gov. Gary R. Herbert, State Superintendent Syd Dickson, and Acting Commissioner of Technical Education Jared Haines announced on Monday, March 23, 2020 that all **Utah's K-12 public schools will extend their dismissal through Friday, May 1st**, and that Utah's technical colleges will suspend teaching from Monday, March 30 until Friday, May 1. These entities will continue to evaluate the situation to make a determination about the remaining school year. Additional information from the state can be found at <https://coronavirus.utah.gov/public-schools-technical-colleges-dismissed-until-may-1/>.

Gov. Herbert expressed his appreciation to the educators throughout our state who have quickly adapted their instruction to remote learning platforms.

Distance learning will continue during the extended dismissal for all K-12 public schools, where feasible. Employees will be limited at school buildings, following the Governor's and CDC's guidelines to avoid gatherings of groups of ten or more. Teachers are being, and will continue to be, encouraged to telecommute when possible.

Meal services at K-12 public schools will also continue. See [grandschools.org](https://grandschools.org) for details on delivery times and locations.

In addition, **all of Utah's technical colleges will temporarily cease instruction and coursework beginning Monday, March 30th through Friday, May 1st**. Utah's higher education campuses have previously moved to strictly online instruction; however, given the unique nature of technical college coursework with hands-on instruction and open-entry scheduling, continuing in an online-only model is not widely feasible for students at this time.

The COVID-19 Task Force, Utah Department of Health, and Governor Herbert will continue to monitor and assess the risks, and respond accordingly in conjunction with Utah's school officials.

SAY yes to new adventures. STOP and smell the flowers.

**TO PROTECT OUR COMMUNITY TOMORROW!**

**SLOW THE SPREAD OF THE VIRUS**

"We thank everyone in our community for showing commitment to the well-being and health of our residents.

The social distancing measures we have taken are working!

Moab Regional Hospital continues to prepare for the anticipated medical needs of patients affected by COVID-19. However, with our small staff and limited critical care capabilities, we will be overwhelmed if Moab sees a significant surge in patients.

Social distancing and sheltering-in-place continue to be the only effective tool we have to slow the spread of this disease.

We urge you stay strong in this commitment to our community!"

Dr. Dylan Cole, Chief Medical Officer at Moab Regional Hospital

### Business Service Technician

Emery Telcom Video has a full-time position open for a Business Service Technician in the Moab, Monticello, and Blanding area. The standard hours for this position are from 8:00 a.m. to 5:00 p.m. Monday through Friday. Some after-hours and weekend work will be required. This person will install, troubleshoot, and maintain phone, internet, and video services and equipment at the business customer's premise. This person will also help with computer and networking services for business customers.

**Essential Functions/Major Responsibilities:**

- Install and configure network switches and small business routers
- Install and configure business telephone systems and wireless networking equipment
- Install and troubleshoot customer computers, printers, and software
- Install Cat5e and RG-6 wiring and connectors
- Must be able to learn telecommunications technology and practices
- Report to work on time each day
- Responsible for all installation jobs as assigned each day
- Responsible for all troubleshooting jobs as assigned each day
- Place aerial or underground service lines to the customer's premises
- Place individual service outlets to feed individual TV/internet/phone locations at customer's premise
- Install equipment as needed (cable modems, set top boxes, etc.)
- Use step ladders and extension ladders to reach heights necessary for installing service lines. Heights may be upwards of 35 feet.
- Must possess a valid driver's license and have a clean driving record.
- Pre-employment drug screen and background checks are required.

RARE TURNKEY BUSINESS Opportunity in Moab UT! Are you looking to supplement your income? Start making money tomorrow? Selling my vending business with all machines in place. Simply purchase products and stock machines. About 15 hours a week summer and less in winter. You would need a cool room for product storage. \$25,000 gets you the entire business. This is a great opportunity for the right person or people. For details call 907-529-6508.

HOME FOR SALE BY OWNER, 3268 E. Brooks Drive, \$499,500, 3 bd, 2ba 1673 sq.ft. Call or text 435-260-1250 for more info or to schedule a showing. See more details @ <https://www.zillow.com/homedetails/3268BrooksDr> Comfort and Elegance come together here!

\*COMMUNITY NOTE\* Dear grantseekers-- Due to the danger of spreading the COVID-19 coronavirus, the computer labs at USU are available only to USU students and personnel. This means access to the Foundation Directory Online and Foundation Grants to Individuals is not available until further notice. I'm sorry to bear this news. In the meantime, you can search websites of individual foundations and find helpful (free) tools at grantspace.org. I'll keep you posted about when our access will be restored. Thanks for your understanding and be safe! Eve.

**PLEASE CALL 435-259-5444**

Wishing you well

A-12-20

**Our available pets are neutered, vaccinated, well socialized & are custom-matched with the best family or individual.**  
 However, we understand that circumstances can change and will gladly accept returns because we want every pet to have a safe, healthy, happy life and a forever home.

**CHILLY**

If you are looking for a family dog who is great with kids, please come by the Animal Shelter and meet Chilly. He is a large mixed breed neutered canine about 1-2 years of age. This pooch is personality plus--friendly and fun loving. Chilly knows basic commands and walks well on a leash. He is looking for a family who will love him as much as he will love them back. ❤️

**ADOPTED**

**KITTERKAT**

Kitterkat is a sweet DSH black and white female cat with big green eyes. Her owner recently passed away and Kitterkat now lives at the shelter and is adjusting well. She has lived with a dog and they would often cuddle together and seems to get along well with the other cats. Kitterkat hopes that one day she will have a new home and family to love again. ❤️

**ADOPTED**

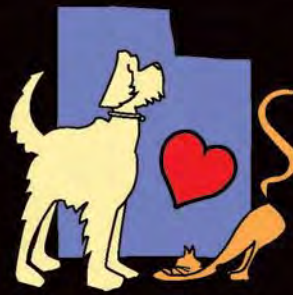

**SMOKEY**

is beyond sweet. She has the nicest personality and wants nothing more from life than a good home with people who love her. Smokey is about 1.5 years of age and is spayed. If you are looking to share your home with a purring bundle of fur, come by the Animal Shelter and meet Smokey. It will be love at first sight. ❤️

**JOE**

Joe is a 1-2 year old neutered male foxhound. Joe is a wonderful dog who loves to play but is still "puppy anxious" so he will need someone who will be able to invest time to train him. He can be slow to warm up to people but is not aggressive and will be a very loyal companion. Please come by the Animal Shelter and meet Joe. ❤️

**WE HAVE A WONDERFUL SELECTION OF FRIENDLY FELINES**  
 You can see available cats online at [moabpets.org](http://moabpets.org) or stop by the shelter!

**COPPER**

I would love a home of my own. I am a 3 year old female tabby. I love people and love getting rubbed. I also love my window perch. I get along with all the other cats that come through the shelter. Won't you come visit with me and adopt me. ❤️

**SKETCHER**

Sketcher-Serious? You bet - seriously in need of a forever home. My shelter name is Skecher and I used to be a stray but now I'm neutered and ready to gaze out at the desert landscape with you. Skecher is a young, active dog ready for the desert and mountains and the Moab lifestyle. Skecher is Pit Bull mixed with something much lighter - your guess is as good as ours. Skecher is great with other dogs (loves to play) and friendly with folks. ❤️

**SALLY**

Sally has come to the Animal Shelter after her person passed away. She is a wonderful 9 year old Chocolate Lab mix who is spayed. Sally is super friendly and was a wonderful companion to her family. Easy going and happy, Sally is looking for a forever home with a person she can shower with doggy love. ❤️
