PROPOSITION 8

To authorize a 0.1% sales and use tax to help fund recreation, arts, and parks in the City of Moab

HOW MUCH IS THE TAX & WHO PAYS FOR IT

- The tax would be 1 penny for every \$10 spent (groceries, unprepared food and gasoline are exempt).
- Based on the City's 2019 sales tax revenues, it is estimated that 75%-80% of the Recreation, Arts, and Parks (RAP) tax revenues will come from visitor spending.
- It is one way for visitors to help pay for amenities that primarily benefit Moab residents, including sports programming, Aquatic & Fitness Center operations, artsevents and programs, and parks.
- Funds from the tax **may only be used** for recreational, cultural, arts and parks facilities and programs provided by the city or qualifying nonprofit groups. State law prohibits the use for any other purpose, including general administrative expenses.

HOW CAN PROPOSITION 8 FUNDING BE USED?

For capital improvements and operations of publicly owned/operated amenities for local residents, and other uses including:

- Parks
- Playing fields/courts/pickleball courts
- Moab Aquatic and Fitness Center
- Moab Arts and Recreation Center
- Pedestrian Trails/Bike paths
- Sports programming/activities
- Arts and cultural programs
- Programs by qualifying nonprofit groups

Our available pets are neutered, vaccinated, well socialized & are custom-matched with the best family or individual.

However, we understand that circumstances can change and will gladly accept returns because we want every pet to have a safe, healthy, happy life and a forever home.

RICKIE

Rickie is one of a litter of three adorable kittens. He is a male medium hair grey tabby. Rickie loves his litter mates but is comfortable venturing away from them to explore. He would be perfect to bring joy and fun to a loving home. Rickie is at the animal shelter with his litter mates. Please call Janette at the animal shelter for more information. ♥

TANDY

Tandy is a silver tabby male who loves exploring his surroundings. He gets along well with other cats and would enjoy a home of his own. Please call Janette at the animal shelter for more information about Tandy. ♥

LUNA

Luna is a kitty cat who would love to have a forever home. She is ~5 months old and was recently spayed. She is a bit skittish at first but warms up to people when given a chance. Luna is very sweet and gets along well with other cats. If you can give Luna a forever home, please contact the animal shelter. ♥

JOJO

We have kittens at the animal shelter!! It is that time of year. Pictured here is JoJo. She is a 4 month old female brownish tabby. She is here at the animal shelter with her two litter mates and would be so happy to have a home with a loving family. The kittens are here at the animal shelter, please call Janette for more information. ♥

WE HAVE A

WONDERFUL SELECTION OF FRIENDLY FELINES

You can see available cats online at moabpets.org or stop by the shelter!

MOON

Meet Moon Baby. She is an adorable pit bull mix who loves (and I mean loves) to talk. And if you are not paying enough attention to her, she will really let you know. Moon is a one year old spayed female pit bull mix who would do well in a forever home. She gets along well with other dogs and people. If you have room in your family for a big snuggle bunny, please give the animal shelter a call about Moon. ♥

TIGGY

If you would love to have a furry feline friend, let me introduce you to Tiggy. This little gray tabby is a 6 month old male who will be neutered later this week. Tiggy gets along well with other cats but is a little nervous with new people. He easily warms up to people when given a little time. Tiggy will do well in a forever home with a family who gives him love. Please call the animal shelter if you have room in your heart for this sweet little guy. ♥

What to do if you find kittens

Are the kittens visibly sick or injured?

YES: Take the kittens to a veterinary clinic immediately.

NO: Estimate the kittens' age by what they look like.

Eyes still closed or just beginning to open: 1-2 weeks old	Eyes open and alert, becoming mobile: 2-4 weeks old	Very mobile and often talkative, can eat food: 4-6 weeks old	Very active and playful, weighs 1-2 lbs.: 6-8 weeks old	Very active and playful, weighs 2 lbs. or more: 8+ weeks old

Can you see the nest or hiding spot?

Avoid handling the kittens and watch them from a distance to see if the mama cat returns to care for them. If she does, leave the kittens with her, since it greatly increases their chances of survival.

What if the mama cat doesn't return after six or more hours?

Take action by doing one of the following:

Take Action

- Care for the kittens.** Take the kittens to your local vet for a check-up and vaccines. Or foster the kittens through your local shelter's foster program.
- If you can't care for the kittens yourself, find someone who can.** Ask your family, friends and neighbors. When the kittens you've cared for reach eight weeks old, they're ready to be spayed or neutered, micro-chipped and adopted.
- Can't care for the kittens or find someone who can?** Ask your local shelter for assistance.

Taking newborn kittens to your local shelter should be a last resort.

Many animal shelters are unable to provide the around-the-clock care that kittens need. In fact, newborn kittens often cannot remain in the shelters and require placement in foster homes. The best thing to do for kittens under four weeks of age is to leave them with the mama cat until they are eating on their own, and then contact your local shelter for spay/neuter resources.
